2. On the night our Captain will endeavour to moor the boat in the best possible spot to view the fireworks, however please note that the mooring options are tide and weather dependant. The boat may also moor up well before midnight which could cut down your actual cruising time. Please note we are restricted to certain areas of the river for health and safety reasons and the section of the Thames directly in front of the London Eye is completely closed to river traffic during the display, therefore we will be moored the other side of a bridge. We will position ourselves in the best possible place available to view the fireworks, however please note that the view will not be as seen on tv.
3. Should you wish to have these pre-ordered drinks at a different time a request should be made via our office on 01689 898959 by Friday 22nd December 2017.

Other information:

Dress code is smart casual, all passengers must be over the age of 21.

There is no reserved seating onboard the vessel. There are 62 fixed seats onboard. There is additional seating on the sundeck at the rear of the vessel if required, however as this is a disco cruise it is not anticipated that guests will wish to remain seated for the duration. Please do not attempt to reserve seats for the entire cruise.

There are two unisex toilets onboard the vessel. There is no secure cloakroom for coats or bags of any kind.

We advise all passengers to leave additional time to travel to the pier due to general congestion and police crowd control measures in Central London on NYE. We advise all passengers to travel by London Underground to Temple Station. You can check travel information and plan your route on the Transport for London website <http://www.tfl.gov.uk/plan-a-journey/>

In the interests of safety we ask passengers to remain at the top of the pier until your boarding time. At this time a member of staff will notify passengers that the boat is ready to board. Please ensure that each person has their ticket ready to show to staff upon boarding the vessel. It does take some time for everyone to board so we ask that you remain patient, we will get everyone onboard as soon as we can.

We aim to leave the pier promptly at 9pm. We hope that you have a fantastic evening onboard the Golden Star and wish you all a very happy new year!
